

Fixings

Product Catalogue

Welcome to the latest edition of our Fixings Catalogue

Offering you a vast range of top quality, brand leading Fixings, supported by our nationwide branch network.

From screws and nails to anchors, adhesives, sealants and tapes – our Fixings branches have got everything you need for any project. Our branches also supply hand tools, power tools, safety clothing, and site equipment to help you get the job done.

We're part of the SIG group, which includes Insulation, Technical Insulation, Construction Accessories, Interiors, Mechanical and Electrical and Fixings businesses, meaning that you can source a huge range of products, all from your local SIG branches.

Drywall Screws

Drywall Screw Fine Thread

Hardened steel Drywall Screw fine thread, bugle head, phillips, for fixing plasterboard to light gauge metal stud and track. Available in BZP and black phosphate.

Diameter (mm)	Length (mm)	Box
3.5	25, 32, 38, 42, 50	1000
4.2	65, 75	500
4.8	100	500

Drywall Screw Coarse Thread

Hardened steel Drywall Screw fine thread, bugle head, phillips and black phosphate, for fixing plasterboard to timber.

Diameter (mm)	Length (mm)	Pack Qty
3.5	25, 32, 38, 42, 50	1000
4.2	65, 75	500
4.8	100	500

Drywall Screw Self Drill

Self Drilling Drywall Screw Hardened steel, fine thread, bugle head, phillips, BZP for fixing plasterboard to metal stud and track over 0.9mm.

Diameter (mm)	Length (mm)	Pack Qty
3.5	25, 32, 38, 42, 50	1000
4.2	65, 75	500
4.8	100	500

Wafer Head Self Drill Screw

Low profile large diameter head for connecting heavy gauge metal components beneath plasterboard. Fixing metal over 0.8mm thick.

Diameter (mm)	Length (mm)	Pack Qty
4.2	13	1000

Collated Screw

Classic Collated

Autofeed screws for use in industrial areas with a moderate salt atmosphere. Suitable for hardwood, softwood, chipboard, MDF, thin metal and plastic

Colour:

Stainless Steel

Head:

Pozi

Diameter (mm)	Length (mm)	Pack Qty
4	40, 50	1000

Solo Collated

Autofeed screws for use in clean, dry and low humidity environments. Suitable for softwood, chipboard, MDF and thin metal.

Colour:

Yellow

Head:

Pozi

Diameter (mm)	Length (mm)	Pack Qty
4.2	40, 50, 55	1000
4.2	60, 70	500

Collated Flooring Screw

Autofeed screws for use in clean, dry and low humidity environments. Suitable for softwood.

Colour:

Yellow

Head:

Square

Diameter (mm)	Length (mm)	Pack Qty
4	40, 50	100

Collated Wingtip Self Drilling

Autofeed screws suitable for steel

Head:

Phillips

Product Variant

Exterior

For use in urban and industrial areas with low salt atmosphere.

Diameter (mm)	Length (mm)	Pack Qty
4.8	44	1000

Zinc

For use in clean, dry and low humidity environments.

Diameter (mm)	Length (mm)	Pack Qty
4.8	65	500

Collated Coarse Thread

Autofeed screws for use in clean, dry and low humidity environments. Suitable for plasterboard and softwood.

Colour:

Black PHOS

Head:

Phillips

Diameter (mm)	Length (mm)	Pack Qty

3.5	25, 32, 35, 38, 45, 50, 55	1000

“
Speedline Drywall
Systems have been
designed and tested to
meet current regulations
for acoustic performance,
fire resistance, duty
ratings and thermal
efficiency.
”

BUILD YOUR NAME ON US

Speedline Drywall Systems

Available **exclusively** from SIG

Fundamental to the range is a comprehensive choice of Speedline metal profiles and components which form the basis of dry lining, partitioning, and ceiling systems. Speedline provides a full technical service with assistance on design, procurement and on-site project support.

Quality & Standards

Thanks to extensive research and development, combined with advanced manufacturing techniques, all Speedline Drywall System products conform to the latest British and European standards.

Nationwide Service

Speedline Drywall Systems are available exclusively from SIG branches throughout the UK. Branches carry extensive stocks of all products, plus a comprehensive choice of Speedline accessories, such as fixings, adhesives, joint compounds, tapes and sealants.

Experienced staff offer a fast and efficient service whilst product specialists are on hand to assist with technical issues and complex specifications.

Wood Screws

Twin Thread Woodscrew

A traditional sharp point screw with a twin-thread for a fast installation. Soft timber application.

Product Variant:

BZP, Yellow Passivated

Gauge (mm)	Length (in)	Pack Qty
4	1/2, 5/8, 3/4, 1	200
5	1/2, 5/8	200
6	1/2, 5/8, 3/4, 1, 1 1/4, 1 1/2, 1 3/4, 2	200
7	3/4, 1, 1 1/4, 1 1/2	200
8	1/2, 5/8, 3/4, 1, 1 1/4, 1 1/2, 1 3/4, 2, 2 1/4, 2 1/2, 3	200
10	3/4, 1, 1 1/4, 1 1/2, 1 3/4, 2, 2 1/4, 2 1/2, 3, 3 1/2, 4	100/200
12	1 1/4, 1 1/2, 2, 2 1/2, 3, 3 1/2, 4	100

Multi-purpose Chipboard Screws

Multi-purpose screw suitable for hardwood, chipboard, MDF, plastic and thin sheet metal.

Product Variant:

BZP, Yellow Passivated

Diameter (mm)	Length (mm)	Pack Qty
3.5	25, 30, 35, 40, 45, 50	200
4.0	20, 25, 30, 35, 40, 45, 50, 55, 60, 70, 80	200
4.5	30, 45	200
5.0	30, 40, 45, 50, 60, 70, 80, 100	200
5.0	100	100
6.0	100, 120	100

Coach Bolts

Coach Bolts

A heavy duty bolt used for fastening timbers. It has an impact resistant dome head and the square under the head locks into the timber to stop the bolt from spinning.

Diameter (mm)	Length (mm)	Pack Qty
10	100, 150, 160, 200, 220	10

Concrete Screw

Concrete Screw

A rapid and effective light duty anchoring system for fixing into concrete, brick, stone, concrete block and wood.

Replaces traditional fixings such as nylon frame and hammer fixings.

Product Variant

Countersunk

Colour:

Yellow

Head:

Cylindrical Head + Hex Head Drive

Diameter (mm)	Length (mm)	Pack Qty
7.5	40, 60, 80, 100, 120, 150, 180	100

Pan head

Colour:

Zinc

Head:

Cylindrical Head + Hex Head Drive

Diameter (mm)	Length (mm)	Pack Qty
7.5	40, 60, 80, 100, 120, 150, 180	100

Machine Screws

Machine Screws

Used to attach window or door furniture to a pre-threaded back plate, with a countersunk head, a metric thread and a B point tip.

Diameter (mm)	Length (mm)	Pack Qty
M5	20, 30, 40, 50	500

Hex Head Multifix Screw

This one piece fixing is suitable for most substrate materials.

Diameter (mm)	Length (mm)	Pack Qty
6	50, 75, 100, 130	100
6	150	75
8	60, 75, 100	100
8	100, 130, 150	50
10	60, 75, 100, 130, 150	50
10	150	25
12	60	50
12	75, 100, 130, 150	25
16	10, 150	10

Nails

Annular Ring

Grooved nail for excellent grip into timber used in most building applications where extra strength is required. 20mm and 25mm are especially used in flooring applications.

Different Finishes Available

Diameter (mm)	Length (mm)	Box Size
2.00	20, 25	500g to 25kg
2.36	30	500g to 25kg
2.65	40, 50	500g to 25kg
3.35	50, 65	500g to 25kg
3.75	75	500g to 25kg
5.00	100, 125	500g to 25kg

Round Wire

General purpose nails used for a variety of applications.

Large round head nails are suitable for carpentry where strength is essential.

Different Finishes Available

Diameter (mm)	Length (mm)	Box Size
1.80	25	500g to 25kg
2.36	30, 40	500g to 25kg
2.65	40, 50, 65	500g to 25kg
3.35	50, 65, 75	500g to 25kg
3.75	75	500g to 25kg
4.00	100	500g to 25kg
4.50	100	500g to 25kg
5.60	125	500g to 25kg
6.00	150	500g to 25kg

ELH Clout

Galvanised Extra Large Head clout nails used for general purpose and securing roof felt and slate tiles.

Different Finishes Available

Diameter (mm)	Length (mm)	Box Size
3.00	13, 15, 20, 25, 30, 40, 50	500g to 25kg

Clout Nails

Galvanised for weather protection. Clout nails are used for securing roof tiles and slates.

Different Finishes Available

Diameter (mm)	Length (mm)	Box Size
2.65	20, 25, 30, 40, 50, 65	500g to 25kg
3.35	40, 50	500g to 25kg
3.75	65, 75	500g to 25kg
4.50	100	500g to 25kg

Square Twist

For use with joist hangers and restraint straps. They can also be used for external cladding or felt.

Different Finishes Available

Diameter (mm)	Length (mm)	Box Size
3.75	30, 40	500g to 25kg

Masonry Nails

Masonry Nails

Suitable for fixing into brick, block and concrete. Available in light, medium and heavy gauge.

Diameter (mm)	Length (mm)	Pack Qty
2.5	25, 30, 35, 40, 50	100
3.0	25, 30, 35, 40, 50, 60, 70, 80	100

Mickey Pins

Washed masonry nail. Suitable for fixing into brick, block and concrete.

Length (mm)	Pack Qty
30	200

Helical Fixings

Insulation Fixing

A Helical fixing that is used to secure and sandwich a layer of insulation over the structural roofing timbers in energy efficient buildings.

Diameter (mm)	Length (mm)
4.5	50-1000
6	50-1000
7	50-1000
8	50-1000
9	50-1000
10	50-1000

Composite Panel Fixing

Composite Panel Fixing – Hammer driven fixing for securing structural 6 mm plywood composite insulation board to flat roofs. No drilling.

Diameter (mm)	Length (mm)	Suitable Panel Sizes
TC8	90	Up to 55mm
TC8	135	70-96mm
TC8	165	96-126mm
TC8	195	126-156mm
TC8	220	150-185mm

Pins

Panel Pins

A light thin nail with a small head suitable for fixing the backs of wardrobes and cupboards.

Diameter (mm)	Length (mm)	Pack Qty
1.4	20	500g – 2.5kg
1.6	30, 40	500g – 2.5kg
2.0	50	500g – 2.5kg

Packers & Shims

Packers & Shims

Product Variant:

Available in different sizes and pack quantities.

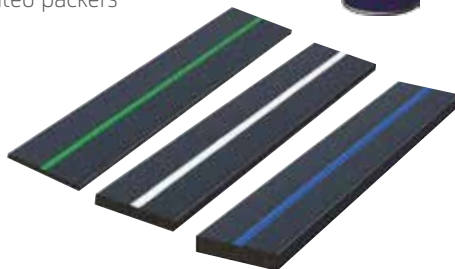

Blue 60 Fire Rated Frame Foam

Specially formulated expanding foam that when used in conjunction with fire rated packers gives upto 60 minutes fire protection to timber doorsets without the use of additional mastics or sealants.

30 & 60 minute fire tested to BS-EN 1634-1 & BS476-22

Fire Rated Packers

Colour co-ordinated fire rated packers

Colour	Size (mm)
Green	1 x 15 x 100
White	3 x 15 x 100
Blue	5 x 15 x 100

SENCO[®]

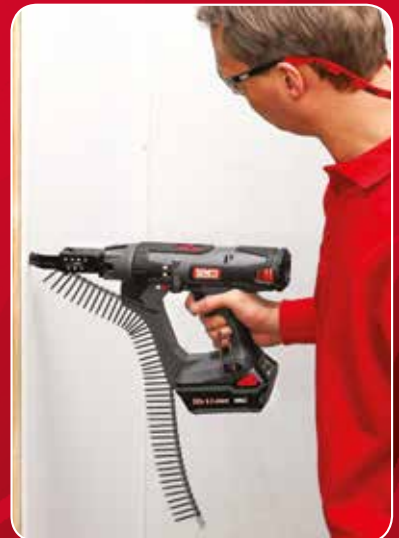

THE UK'S NO.1 SUPPLIER OF AUTO-FEED SCREWDRIVERS & COLLATED SCREWS

All CE-approved (conforming to EN14566)

- A complete range of collated screws in lengths 19-75mm
- Drywall to wood
- Drywall to light steel
- Drywall to heavy steel
- Wafer head for metal applications

Hammer Fixings

Nylon Hammer Screws

Pre-assembled nylon hammer fixings for quick and easy fixing into concrete and solid masonry.

Diameter (mm)	Length (mm)	Pack Qty
5	30	100
6	40, 50, 60, 80	100
8	60, 80, 100, 120	50

Metal Nail In

Lightweight through fixing for use in concrete, solid brickwork and stone. Not recommended for overhead applications such as suspended ceilings.

Diameter (mm)	Length (mm)	Pack Qty
6	30, 40, 50, 60	200

Self-Drill Plasterboard Fixings

Driva

The original and best self-drilling plasterboard fixing. Quick and easy to install using only a screwdriver.

Good pull-out values with efficient dust disposal.

Description	Diameter (mm)	Pack Qty
TP12	25	100
TF277	50	100
TF5	25	100
F12*	35	100

TP = Pan Head

TF = Countersunk

*For pre-drilling into aerated concrete

Insulation Fixings

Insulation Hangers

Metal insulation hangers provide instant mechanical fixing of pre-formed insulation material to various surfaces.

Self adhesive with washer.

Length (mm)	Pack Qty
62	200
100	100

Plastic Insulation Support DHK

Cost effective plastic insulation support for all conventional insulation boards.

Tek Screws

Light Gauge Tek Screw

Bonded Hex Washer Head Tek 3
– For 1.2mm-3.5mm Steel

Application:

Fixing cladding and roofing applications to hot and cold rolled purlins/rail

Product Variant:

Carbon Steel, Stainless Steel

Diameter (mm)	Length (mm)	Pack Qty
5.5	26, 32, 38	250
5.5	50, 60, 75, 100	100

Composite Panel Screw

High Thread Bonded Hex Washer Head Tek 3 – For 1.2mm-3.5mm Steel

Application:

Fixing cladding and roofing applications to hot and cold rolled purlins/rail. Fastening liner panels and general components to steel.

Product Variant:

Carbon Steel, Stainless Steel

Diameter (mm)	Length (mm)	Pack Qty
6.3	80, 105, 135, 150, 185, 225	100

Timber Fix

For fixing timber or composites to steel

Product Variant:

Carbon Steel, Stainless Steel

Diameter (mm)	Length (mm)	Pack Qty
4.2	38	200
4.8	45	100
5.5	50, 62	200
5.5	80, 100, 120, 150, 180	100

Stitching Screws

For stitching cladding panels

Product Variant:

Carbon Steel, Zinc Coating, Bi-metal

With or without washer

Diameter (mm)	Length (mm)	Pack Qty
6.3	22	200

SuperTek

For fixing steel to steel

Available with or without washer

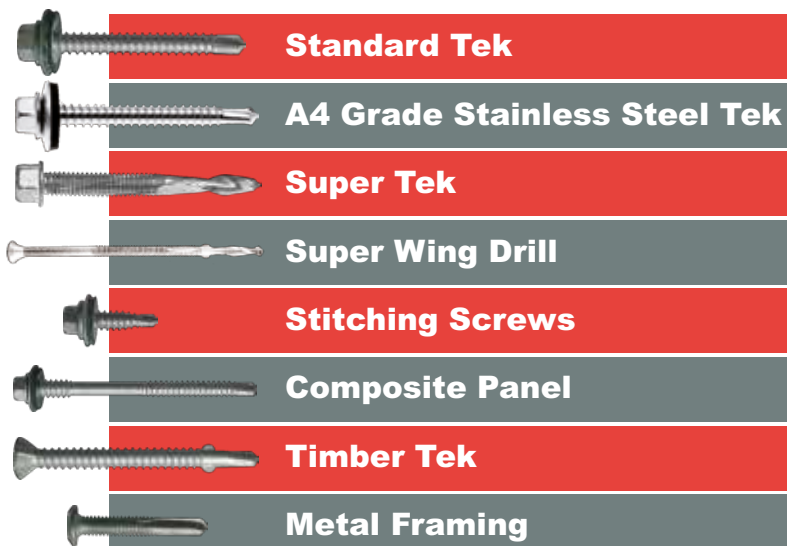

Diameter (mm)	Length (mm)	Pack Qty
5.5	50	100

FOR ALL YOUR TEK SCREWS, ASK FOR

evolution

Evolution Fasteners Ltd have the widest range of self-drilling, tek screws designed for fixing to steel as well as gash point tek screws for fixing to timber.

Evolution tek screws are available with zinc coating, salt spray coating or in stainless steel/ bi-metal for ultimate corrosion resistance.

+ MORE

Other Fixings

Drop-in Anchors

Internally threaded concrete anchors for bolts and threaded rod.

6	100
8	100
10	100
12	50
16	20

Spring Toggles

It is ideal for ceiling installations. It can be used in single or double thickness plasterboard.

Diameter (mm)	Length (mm)	Pack Size
18	48	100

Wire Hanger

Mild steel zinc & yellow passivate for suspension by wire rope, single strand wire and strap.

Diameter (mm)	Length (mm)	Box Quantity
6, 8, 10	60, 80, 100	100

Plastic Plugs

Suitable for all kinds of concrete and masonry substrate materials.

Available Colours:
Yellow, Red, Brown and Blue

Skirting Screws

Flange head self tapping screws.

Available Colours:
BZR, White, Grey and Black.

Diameter (mm)	Length (mm)	Pack Qty
3.5	25, 32, 38, 45, 51	1000

Other Fixings

Security Screws

Large range of tamper-resistant screws, bolts and nuts. Available in various sizes, finishes and head styles.

Decking Screws

Corrosion resistant, self-tapping sharp point screws for wood application. Available in a wide range of sizes and finishes

Rivets

We have a wide range of rivets available in different sizes and finishes.

Tapcon

The original masonry fastening tek screw system that cuts it's own thread into concrete, brick and block. Philips CSK head and Slotted washered hex head available.

Other Tapcon Accessories available.

Faster Steel Connections

For over 80 years Lindapter has pioneered the design and manufacture of steel clamping systems by providing a faster alternative to drilling or welding, saving contractors' time and money.

Decking Fixings

High quality, cost-effective steelwork connections for building services, which are designed to fit inside the dovetail re-entrant channel of major decking profiles. This zero-impact method avoids delamination and damage to the decking.

Support Fixings

Easy-to-install solutions for supporting building services such as HVAC equipment, pipework and sprinkler systems from structural or secondary beams. Their adjustability allows a fast and precise alignment during installation.

More power.

More intelligence.

The fischer DUO-Line range of products combine different materials and functions in a very clever way. Depending on the building material, the DUOTEC toggle and DUOPOWER plug automatically activate the best fixing functions for optimum loads.

One of many intelligent fastening solutions from fischer!

The innovative product line with

- More functions
- More performance
- More security

fischer fixings

Proud Partner of SIG

fischer fixings offers a comprehensive range of construction fixings covering practically all construction applications where a fixing is required. From high performance, specialist steel and chemical anchoring systems to interior fixings and high performance nylon plugs, fischer have the fixing for you.

Innovation

Thanks to a vast wealth of manufacturing knowledge within our internal R&D department, fischer is always at the forefront of innovation. The company strives to make new products more suitable for the installer with higher load performances and faster installation times.

A Global Business local to you

fischer fixings operates on a global scale with over 43 subsidiaries worldwide. The manufacturing side of the company along with R&D, fischer consulting and global procurement is all based in Germany however no matter how big fischer grows it will always retain the feel of a home-based local business. With an external team consisting of over 30 dedicated sales managers, local field engineers and a line-up of highly trained technical managers located across the UK, fischer is always able to offer highly efficient help and support wherever its needed. For more specialised advice our SBU managers are available to discuss the following topics - EW1, FireStop and A.C.T.

EXPERIENCED · KNOWLEDGEABLE · DEDICATED

The fischer external team is one of the very best in the industry and is always on willing to offer help and advice. For more information ask in branch today

Resin & Resin Studs

Resin Studs

Studs available in various sizes and finishes. Cut-to-size option available.

Resin

Wide range for resins from Basic Resins to High Performance Resins. Capsules and various cartridge sizes available.

*Polyester resins have NO approval for Masonry

Product Variant:

Polyester, Hybrid Polyester, Vinylester, Hybrid Vinylester, Epoxy

Through Bolts

Through Bolts

We have a wide range of throughbolts suitable for cracked and none-cracked concrete. Stainless Steel and Hot Dipped Galv also available

Multi-Fix Bolts

Multi-Fix Masonry Bolts

Stress free, non-expansion through fixing is the new solution for heavy duty anchoring into concrete, brick, stone, wood and concrete block.

Combination Drill

Combi drills have 3 functions:

The ability to drill holes into wood and metal, the ability to drive screws, the ability to drill holes into concrete and masonry via hammer function.

Entry/mid or top end there is a drill to suit every trade and budget.

Makita

Bosch

Dewalt

Hitachi

Rotary Hammer/Cordless SDS

A 2-mode SDS+ hammer drill will have rotary hammer and rotary only. You'll be able to drill into wood or metal (using rotary only) whereas by selecting the rotary hammer mode you'll be able to drill into masonry due to the hammer-action provided. 3-mode SDS+ hammer drill give you the same as a 2-mode, but with the addition of chiselling function.

Drill Driver

This machine is more preferable when you do not require hammer action on your drill. Combi drills are more popular and in certain cases more cost effective.

All 18v machines come with torque settings.

When choosing a drill driver, take note of the capacity of holes it will allow you to drill and also the top torque setting as this will affect the sort of materials you can effectively drill screws into.

Makita

Bosch

DeWalt

Hitachi

Impact Drivers

An impact driver will be fitted with a hex chuck (or similar). This is a quick-release style mechanism that differs from the chucks found on combi and drill drivers. A hex chuck take hex screwdriver bits as an impact driver is essentially designed to drive screws into tough work pieces. However, with the correct bit fitted, you can also undertake some drilling applications. Impact drivers are all about hi-torque, coupled with high levels of impact. A typical impact driver will output higher levels of torque than even the top-of-the-range combi drill.

These are most popular in 10.8v and 18v.

Hitachi

Other Cordless Tools

Jigsaws

A versatile hand-held electric saw that's perfect for a range of different jobs, including cutting shapes in wood and other sheet materials. A jigsaw features a reciprocating saw blade (one that goes backwards and forwards), providing a cutting motion similar to a handsaw.

Makita

Bosch

Dewalt

Hitachi

Mitre Saws

Mitre saws are known for precision and accuracy when it comes to cutting through long pieces of wood and other materials. Looking a bit like a circular saw on a swiveling base (or table) there are many features and styles to become familiar with.

Makita

Bosch

Dewalt

Circular Saws

A circular saw is the perfect power tool for cutting straight, clean and true. Use one on heavy timber, sheet materials or man-made boards like MDF and you'll see how quickly and easily you can make cuts that are perhaps messy or cumbersome with other saws.

Makita

Bosch

Dewalt

Hitachi

Other Cordless Tools

Reciprocating Saws

Reciprocating saws make demolition easier and more fun. You can struggle and rip it out with a variety of crowbars and hacksaws or you can use a reciprocating saw and just cut it free. It's the ultimate demolition tool. Windows, walls, plumbing, doors and more.

Kits

From twin packs to 6 piece kits all the manufacturers have a variety to choose from, depending what tools you need for your trade is dependent on which kit you require. All come with batteries and chargers, and are either available in hard cases or bags (this depends on the size of kit you require). If you want to make your own kit up then we can accommodate that too with our range of naked tools.

Makita

Bosch

DeWalt

Hitachi

Drilling

Angle Drill

A right angle drill is designed to access spaces that conventional drill can't reach, those tight areas behind beams or joists that you simply can't get to otherwise. Most right angle drills have 3-speed motors. That offers plenty of torque when you need it and also allows for slow drilling when necessary.

Makita

Bosch

Dewalt

Hitachi

Percussion Drill

Percussion or impact drills have a specially designed clutch that allows it to not only spin the drill bit, but also to punch it in and out. The actual distance the bit travels in and out and the force of its blow are both very small but the hammering action is very rapid, thousands of BPM – Blows per Minute or IPM – Impacts per minute. These machines use standard smooth shank drill bits and as such they have either a Keyless or Keyed Chuck. The higher the wattage the more powerful the machine.

Makita

Bosch

Dewalt

Hitachi

Rotary Drill

These tools have no hammer action and are for drilling only, these are particularly good for the metal working industry due to the low/high speeds.

Makita

Bosch

Dewalt

Hitachi

SDS Drill/SDS Rotary Hammers

SDS Drills also operate in either 2 or 3 modes; machines with 2 modes offer Rotary Action (Impact Stop) or Hammer Action, whilst 3 mode machines offer both these plus a Rotation Stop function which switches off the Rotary Action and leaves just the Hammer Action – allowing the drill to be used as a breaker or demolition hammer with a suitable chisel bit. SDS Max machines are used in heavier-duty and larger applications and operate in 1 of 2 Modes only – Rotary Hammer or Rotation Stop.

SDS Rotary Hammers have such force that the usual masonry bits are not suitable. Their smooth shanks would be pounded loose from the tool's chuck in a few seconds. These machines require special SDS bits which can lock into the rotary hammer and continue to spin while smashing away. Also due to the nature of the work they do it means that SDS drills require a clutch which cuts in when the drill bit jams – thus stopping the violent wrenching motion that a drill without a clutch would cause when stopped suddenly from full speed.

Makita

Bosch

Dewalt

Hitachi

SDS Max/Demolition Hammer

Suitable for heavier-duty applications and do not operate in a rotary only mode. These use the SDS-Max bits. These bits have an 18mm shank with three open grooves and locking segments rather than balls, these are designed for use in SDS hammers over 5kg.

Demolition Hammers – For demolition work and heavy-duty use and do not operate in rotary only mode. These may more commonly be known as breakers.

Makita

Bosch

Dewalt

Hitachi

Diamond Core

Diamond core drill bits (sometimes called diamond hole saws) are used to drill holes in brick, concrete, block, and stone and similar material. They are ideal for cutting holes through walls for plumbing pipework.

Makita

Bosch

Dewalt

Hitachi

Metalworking & Grinders

Angle Grinder

Angle grinders are where the motor drives a geared head at a right-angle on which is mounted an abrasive disc or a thinner cut-off disc, either of which can be replaced when worn. Angle grinders typically have an adjustable guard and a sidehandle for two-handed operation. Certain angle grinders, depending on their speed range, can be used as sanders, employing a sanding disc with a backing pad or disc. The backing system is typically made of hard plastic, phenolic resin, or medium-hard rubber depending on the amount of flexibility desired. Larger wattage grinders do not come with a plug.

Makita

Bosch

Dewalt

Hitachi

Die Grinder

A die grinder, also known as a rotary tool, is a handheld power tool used for grinding, sanding, honing, polishing, or machining material (typically metal, but also plastic or wood). They are usually pneumatically driven, although electric and flexible shaft drive also exist.

Makita

Dewalt

Shear

For use in the metalwork industry normally to cut mild steel, stainless and aluminium. There are 2 sizes of shear 1.6mm or 3.2mm max cut in mild steel.

Makita

Bosch

Hitachi

Metalworking & Grinders

Nibbler

This tool is mainly used in the roofing industry and as it states “nibbles” out the steel leaving half moon shapes. As with the shear 1.6 and 3.2 are the main sizes.

Makita

Bosch

Hitachi

Cut Off Saw

There are 2 types, the first being a 355mm abrasive wheel machine, and the second a cold cut tct blade type. The cold cut machine is ideal where you need to minimise any sparks.

Makita

Bosch

Dewalt

Hitachi

Woodworking & Saws

Table Saw

Table, bench and site saws will allow you to perform crosscut, rip, mitre, and bevel cuts safely and with ease. A big advantage of using this type of saw over a mitre or circular saw for these cuts is that saw is stationary, allowing you to easily see the cut as you make it, keeping you safe into the bargain, especially important when performing big cuts in big work pieces.

Makita

Bosch

Dewalt

Reciprocating Saw

Reciprocating saws make demolition easier and more fun. You can struggle and rip it out with a variety of crowbars and hacksaws or you can use a reciprocating saw and just cut it free. It's the ultimate demolition tool. Windows, walls, plumbing, doors and more.

Makita

Bosch

Dust Management

Dust management is at the forefront of every site in relation to Health and safety. Dust is generated by many processes around construction sites and workshops. These processes include drilling, cutting, sanding, grinding, chasing and breaking. The HSE reported that there were around 39,000 individuals suffering breathing and lung problems in the UK. M Class dust extractors are the minimal legal requirement. There are 3 classifications L Class M Class and H Class.

BUILDING TRUST

Everbuild Building Products - A Sika Company is the UK's largest manufacturer of sealants, adhesives, fillers and building chemicals.

Professional Sealants

Forever White

A superior anti-bacterial silicone sealant that is permanently waterproof and flexible. Ideal for use in bathrooms.

Colours:

White, Clear

Sizes:

C3

General Purpose Silicone

Mid modulus silicone sealant that adheres to most smooth and non-porous materials. Contains an anti-fungal compound to prevent mould growth in areas of high humidity.

Colours:

Black, Brown, Grey, Clear, White

Size:

C3

115 GP Building Mastic

Traditional oil based pointing mastic that provides an effective weatherproof seal.

Colours:

Brown, Grey, Stone, White

Sizes:

C3

125 One Hour Caulk

Fast drying flexible decorators filler and sealant that remains permanently flexible.

Colours:

Brown, Magnolia, White

Sizes:

C3, C4

Silicone 825

Low modulus, neutral curing Silicone sealant based on a filled alkoxy curing system. Used for expansion joints to masonry.

Colours:

Anthracite, Beige, Black, Brown, Brick Red, Buff, Dark Grey, Limestone White, Magnolia, Mid Grey, Portland Stone, White

Size:

380ml

200 Contractors Silicone

Contract grade, quick curing, mould resistant.

Colours:

Black, Brown, Clear, White

Size:

295ml

Professional Sealants

225 Industrial & Glazing Silicone

Mid modulus acetoxy cure silicone sealant that adheres to most smooth and non-porous substrates. Typically used for single glazing, draught-proofing and general industrial use.

Colours:

Black, Brown, Brushed Steel, Clear, White

Size:

C3

335 Construction Silicone

Low modulus, cost-effective PVCu sealant.

Colours:

Black, Brown, Bronze, Grey, Toffee, Translucent, White

Size:

C3

450+ Builders Silicone

Premium quality low modulus non-corrosive neutral cure silicone.

Colours:

Buff, Black, Brown, Clear, Grey, White, Translucent*

Sizes:

C3, *600ml

500 Bath & Sanitary Silicone

Premium quality high modulus acetoxy cure silicone sealant that contains a high level of powerful anti-fungal compound. Typically used in areas of high humidity.

Colours:

Clear, Grey, Ivory, Sandstone, White

Size:

C3

700T LMN Silicone

Fast, neutral curing, low modulus sealant specially formulated for the PVCu and roofline industry.

Colours:

Black, Brown, Bronze, Caramel, Mahogany, Clear*, White*

Sizes:

C3, *600ml

Fire Sealant 300

Intumescent and acoustic sealant.

Colours:

White, Grey, Black

Sizes:

380ml, 600ml

Professional Sealants

AC95 Acoustic Intumescent Sealant

Premium quality acoustic sealant & adhesive.

Colour:

White

Size:

900ml

AC50 Acoustic Sealant & Adhesive

Contract grade acoustic sealant & adhesive.

Colour:

White

Sizes:

C4, 900ml

Fire Mate Sealant

Intumescent acrylic sealant.

Colours:

Brown, Grey, White

Sizes:

C3, 600ml

Lead Mate Sealant

Alternative too mortaring lead flashing and sheet into masonry, providing a fully waterproof joint that will not crack or shrink.

Colour:

Grey

Size:

C3

Silicone Eater

Revolutionary chemical that digests and breaks up all types of silicone sealant.

Size:

150ml

Roof & Gutter Sealant

Premium quality butyl based sealant and adhesive.

Colour:

Black

Size:

C3

Professional Sealants

Contractors 100DC

Acrylic sealant & filler.

Colour:

White

Size:

280ml

Contractors 200MP

Acetoxy silicone.

Colours:

White, Clear, Black, Brown

Size:

280ml

Contractors 700NS

Neutral silicone.

Colours:

White, Clear, Caramel, Teak

Size:

280ml

Silirub 2

Premium quality low modulus non-corrosive neutral silicone, ISO 11600 F&G 25 LM.

Colours:

Brilliant White, Clear, Teak, Brown, Black, Caramel, Mahogany, Toffee, Anthracite Grey, White, Grey, Alu-Grey, Portland, Beige, Stone, Concrete Grey, Oak, Light Brown, Dark Brown, Terracotta, Basalt Grey, Buff, Bronze

Size:

300ml, 310ml, 600ml

Sealant Guns

Professional Sealant Gun

We offer a range of sturdy sealant guns.

Sizes:
C3, C4

Sealant Gun

We offer a range of sturdy sealant guns.

Foil Pack Applicator Gun

We offer a range of Foil Applicator Guns

Expanding Foams & Accessories

Fix & Fill Expanding Foam

Expanding foam filler can be used for insulating, filling gaps and dampening sound. We offer both hand held and gun grade foam fillers and accessories.

Hand Foam B1

Firefoam B1 Handheld is a quick-setting fire rated, one part polyurethane foam. It expands on application to yield up to 50 times the can contents and meets the extremely stringent requirements of the test criteria BS476 Part 20; Class B1.

Hand Foam B2

Firefoam B2 Handheld is a quick setting fire rated, one part polyurethane foam in a ready to use hand held canister.

Expanding Foams & Accessories

Gun Foam B1

Firefoam B1 Gun Grade is a quick-setting fire rated, one part polyurethane foam. It expands on application to yield up to 50 times the can contents and meets the extremely stringent requirements of the text criteria DIN 4102 Part 1 for Construction Materials, Class B1 and BS 476 Part 20.

Gun Foam B2

Firefoam B2 Gungrade is a quick setting fire rated, one part polyurethane foam designed for application by any standard foam applicator gun.

Dual Purpose Foam Cleaner

Dual Purpose Foam Cleaner is used to remove wet/uncured foam. Attaches to Gun Foam Applicator for purging through; also includes spray nozzle for use without applicator to remove wet foam from outside of the gun and from most building substrates.

Foam Eater

Everbuild Foam Eater is a revolutionary paste designed for the safe removal of cured PU foam and adhesives from most substrates.

P45 Medium Duty Metal Gun

P45 Foam Gun gives the user more control to apply the foam precisely in hard to reach places, saving unnecessary wastage. For both professional and DIY use.

P65 Heavy Duty Metal Gun

P65 Foam Gun gives the user more control to apply the foam precisely in hard to reach places, saving unnecessary wastage. For professional use.

Fillers

One Strike

A revolutionary filler formulated using lightweight polymer bubbles that fills most holes and cracks, even deep holes, in just one quick application with no need for secondary filling to level off as One Strike will not shrink, sag or crack. One Strike Filler finishes smooth, requiring little or no sanding and can be ready to paint in approximately 30 minutes.

Sizes:

250ml, 500ml, 1ltr, 2.5ltr, 5ltr, 10ltr

2 Part Wood Filler – High Performance

2 Part High Performance Wood Filler is a fast drying, exterior and interior wood filler. The 2 Part Wood Filler is easy to mix and apply and is completely weatherproof. Once mixed, the filler sets hard to a shatterproof finish in approximately 30 mins and may be drilled, carved or planed once dry.

Colours:

Beech, Mahogany, Light Oak, Pine, Redwood, Light Stainable, Medium Stainable, Teak, White

Sizes:

500g, 6kg, 1.4kg

Multi Purpose Wood Filler & Stopper

Multi-Purpose Wood Filler fills nail holes, cracks, gaps and minor imperfections in wood. It is easy to sand and can be stained, varnished and painted and is solvent free.

Colours:

Light, Medium

Sizes:

100ml, 250ml, 310ml

Glazing Cleaners & Wipes

Glass Cleaner

Glass Cleaner is a powerful glass cleaning agent containing a high level of detergents and solvents for rapid drying to a smear and static free finish. May also be used on tiling, VDUs, TV screens, chrome etc.

Sizes:

1ltr, 5ltr, 25ltr

PVCu Cream Cleaner

PVCu Cream Cleaner is a solvent-free formulation designed to remove ingrained dirt, stains and pollution from PVCu window frames without scratching. Buffs to a deep sheen.

Size:

1ltr

Glazing Cleaners & Wipes

Silicone Spray

All Purpose Silicone Spray is a dry silicone lubricant and mould release agent for the easing of friction between two surfaces. Ideal for use in mould making/release industries, to ease installation of rubber and EPDM gaskets to window and door frames and has 100's of uses around the home, garage, workshop and industry.

Size:
400ml

PVCu Solvent Cleaner

PVCu Solvent Cleaner is a solvent based product formulated to remove ingrained dirt from PVCu and most plastics. Also suitable to restore an "as new" look to old windows and plastic garden furniture.

Size:
1ltr

Wonder Wipes

Multi-Use Wonder Wipes have become the first choice wipe of the nations builders and tradesmen. Specially formulated to clean hands, tools and surfaces from wet and semi-cured paint, sealant, adhesive, bitumen, expanding foam, oil, grease and even silicone.

Size:
100 wipes

Grab Adhesives

We have a large selection of adhesives to suit your needs from top brands available in different colours and sizes.

Pinkgrip

Revolutionary initial 'Direct Bond' eliminates the need for double stick methods.

Colour:
Pink
Size:
350ml

Pinkgrip SF

Solvent free Pinkgrip.

Colours:
Pink, White
Size:
C4

Grab Adhesives

Griptite

Extra-tough, high grab construction adhesive.

Colours:

Buff, Green

Sizes:

310ml, 350ml

Gun A Nail Standard

Solvent free, high strength multi-purpose building adhesive. Suitable for use where at least one of the substrates to be bonded is porous.

Colour:

Beige

Size:

C3

Stixall

Ultimate combined building and sealant with the power to both bond and seal virtually everything to anything in virtually any conditions, even under water or in the rain.

Colours:

Black, Brown, Grey, White

Size:

300ml

Gun A Nail Extra

High strength adhesive ideal for bonding two non-porous materials together.

Colour:

Beige

Size:

C3, C4

Instant Nails

High strength solvent free gap filling multi use adhesive that provides a quick grab and replaces mechanical fixings in many home improvement applications. Dries white and may be overpainted if required.

Colour:

White

Size:

C3

Contractors 500SB

Solvent based adhesive.

Colour:

Beige

Size:

280ml

Contractors 600SF

Solvent free adhesive.

Colour:

White

Size:

280ml

Contractors 800MS

Hybrid polymer adhesive & sealant.

Colour:

White

Size:

280ml

Contractors 900MS

Hybrid polymer adhesive & sealant.

Colour:

Clear

Size:

280ml

FixALL Flexi

Multi purpose SMX sealant/adhesive.

Colours:

White, Black, Grey, Brown

Size:

290ml

FixALL Crystal

Crystal clear SMX sealant/adhesive.

Colour:

Crystal Clear

Size:

290ml

FixALL High Tack

High strength SMX sealant/adhesive.

Colours:

White, Black, Grey, Brown

Size:

290ml

Grab Adhesives

FixALL Turbo

Superfast SMX sealant/adhesive.

Colour:

White

Size:

290ml

FixALL Extreme

Extreme tack SMX sealant/adhesive.

Colour:

White

Size:

290ml

Contact Adhesives

Stick 2 All Purpose Contact Adhesive

Premium grade rubber based contact adhesive suitable for use with a wide variety of material for both professional and DIY use.

Colour:

Beige

Sizes:

125ml, 250ml, 750ml, 5ltr

Wood Adhesives

D4 Wood Adhesive

Solvent free industrial grade wood adhesive based upon hybrid resin technology. Can be used internally or externally. Dries clear and sets in 10 minutes.

Colour:

White

502 All Purpose Weatherproof Wood Adhesive

High quality, resin based wood adhesive for all wood bonding. Can be used internally or externally. Ideal for general woodworking and joinery use.

Sizes:

75ml, 125ml, 250ml, 500ml, 1ltr, 5ltr, 25ltr

Wood Adhesives

5 Minute Polyurethane Wood Adhesive Gel

Thixotropic, transparent, gap filling gel which sets hard in 5 minutes. Ideal for equipment manufacture and production line applications where rapid handling is required.

Colour:
Translucent
Size:
310ml

30 Minute Polyurethane Wood Adhesive Gel

Thixotropic, transparent, gap filling gel which sets hard in 30 minutes.

Colour:
Translucent
Size:
310ml

Super Glue & Activators

Industrial Superglue GP

Ideal for use on PVCu, plastic, glass and metals.

Colour:
Clear
Size:
20g

Superglue De-Bonder

Removes excess cured and wet superglue from most surfaces.

Colour:
Clear
Size:
20ml

Threadlock GP Blue

For use on nuts, bolts, screws and threads. Can be used on oil contaminated parts.

Colour:
Blue
Size:
10g

Mitre Fast Bonding Kit

2-part instant adhesive and aerosol activator. Suitable for use on plastics and timber.

Colour:
Clear
Size:
Standard, Large

Glue Gun & Sticks

Glue Gun Professional

High temperature 193°C, low temperature 120°C, 80 watts.

Glue Sticks

High temperature glue sticks for use with glue gun 7/16".

Size:
11mm diameter

Smart Tack Adhesives, Guns & Accessories

Smart Tack Handy

Standard aerosol for smaller jobs. Offers all benefits with lower pressure application. Coverage: 500ml aerosol will cover 4-5m² of laminate when applied to both surfaces.

Colour:

Blue

Size:

500ml

Smart Tack Bulk Tank

For large scale use, delivers adhesive via a flexible hose to the gun. Bulk Tank will cover 120m² of laminate when applied to both surfaces.

Colours:

Blue, Clear

Size:

17kg

Smart Tack Bulk Tank Gun

For use with Smart Tack bulk tank and hose.

Smart Tack Bulk Tank Hose

For use with Smart Tack bulk tank and gun. Hose length: 3.66 metres

701 Super Plus Non Slip

Non Slip Tile Adhesive is an acrylic based formula for extra slip resistance and grab.

Colour:
Off White

Sizes:
1ltr, 2.5ltr, 5ltr, 10ltr

702 Aqua Plus Water Resistant

Premium grade adhesive that can be used in areas subject to prolonged/permanent wet conditions and in areas of high humidity and condensation.

Colour:
Off White

Sizes:
1ltr, 2.5ltr, 5ltr, 10ltr

703 Fix & Grout

Premium grade adhesive formulated to be used as both an adhesive and grout. The product contains a fungicide to prevent mould growth and dries to a brilliant white finish.

Colour:
White

Sizes:
500ml, 1ltr, 2.5ltr, 5ltr, 10ltr

715 Tile on Timber

Ready mixed tile adhesive and grout that retains flexibility. For use when laying tiles on prepared timber floors. Allows for sub floor movement without cracking adhesive or grout. Ideal for most interior areas, highly flexible polymerised formula. Can also be used on concrete and stone floors in interior applications

Colour:
Grey

Size:
10ltr

705 Rapid Set Tile Mortar

Fast-setting thick or thin bed adhesive for bonding ceramic tiles to floors and most walls where same day fixing and grouting is required. Can be used internally and externally and bonds to most building substrates such as concrete, cement screeds and render.

Colour:
Grey

Sizes:
10kg, 20kg

711 Rapid Set Flexiplus

Quick setting floor and wall tile mortar with added latex powder for improved flexibility. Can be used on prepared wooden floors, interior and exterior use where same day fixing and grouting is required.

Colour:
Grey

Sizes:
10kg, 20kg

PVA

501 PVA Bond

Multi-purpose bonding agent, primer, sealer, cement and plaster admixture that adheres to most common building and DIY materials. Ideal for priming unsound surfaces prior to plastering or painting, as an adhesive on wood, cork, textiles and most applications where at least one surface is porous, for general dust sealing on flaking paintwork/walls etc and as a cement and plaster admixture.

Sizes:

500ml, 1ltr, 2.5ltr, 5ltr, 25ltr

Pro Point Gun Kit

Mortar Pointing Gun Kit comes complete with nozzles for both mortar and tile grout as well as a mixing paddle. Designed to apply mortar deep into joints for maximum protection and strength. Comes complete with two plastic nozzles, a metal ended nozzle and a mixing paddle packed in a high impact printed box.

Pro 45p

PU cavity filling, ultrafast, water resistance D4.

Colour:

Brown

Sizes:

750kg, 5kg

Pro 40p

PU cavity filling, water resistance D4.

Colour:

Brown

Sizes:

750kg, 5kg

Purocol

PU high strength, solvent free, water resistance D4.

Colour:

Transparent

Sizes:

310ml

Primers

Primer 100

For silicone and PU sealants on porous surfaces.

Length:
50m

Self Adhesive Drywall Tape

Flexible self-adhesive tape to cover plasterboard joints, also known as scrim tape.

Colour:
Off White

Width:
48mm

Length:
90m

Mega All Purpose

Top quality cloth with aggressive natural rubber adhesive. Tough, durable and waterproof, for thousands of applications on site, in the home and industry.

Colours:
Black, Red, Silver, White

Width:
50mm

Length:
50m

Tapes

Buff Packaging Tape

Low noise, quality packaging tape, ideal for all packing applications.

Width:
48mm
Length:
66m

PTFE Tape

WRAS & EN751-3 Approved. Complies with BS7786 1995 Grade L. Also suitable for potable water.

Width:
12mm
Length:
12m

Double Sided Tape

High tack multi-purpose double sided tape, bonds to most smooth surfaces and is ideal for securing many items to smooth surfaces, vertically and horizontally.

Barrier/Zebra Tape

Super strength non adhesive polythene barrier tape in tape dispensing box.

Colours:
Red & White, Black & Yellow
Width:
70mm
Length:
100m

Foil Tape

A high tensile strength aluminium foil backing, combined with a cold weather solvent acrylic adhesive, protected by an easy-release silicone release paper.

Colours:
Silver
Width:
50, 75, 100mm
Thickness:
30, 40 Microns

Electrical Insulation Tape

Flame retardant, easy to unwind PVC electrical insulation tape for providing insulation to most electrical wires.

Colours:
All Colours
Width:
19, 50mm
Length:
33m

SOUDATHERM ROOF

The **Fastest** Roof Bonding System

The Soudatherm Roof range offers great suitability with most common roofing applications, including creating a vapour barrier, roof refurbishment & insulation.

Soudatherm Roof 170

- Solvent Free Liquid PU Adhesive.
- Traditional Technology.
- Covers approx. 33m²

Soudatherm Roof 250

- Expanding Foam PU Adhesive specifically formulated for roofing applications.
- Suitable for vertical applications.
- Covers approx. 60m²

Proud sponsors of:

Soudatherm Roof 330

- Ideal for bonding PIR/PUR/XPS/EPS
- Low maintenance: can be stored under pressure for 2 weeks.
- Covers approx. 120m²

Levels

Spirit Levels

We supply mid-range and professional spirit levels in various sizes. The most popular sizes are 60cm, 120cm and 180cm.

Fatmax Xtreme Torpedo Level

FatMax Torpedo level is 10 inches in length with 3 vials and has a V groove machined in the magnetic base, which allows it to fit firmly on pipe work, ideal for scaffolders, plus it is also perfect for installing machinery, air conditioning ducting or shelving.

Marking Out

Rapid Chalk Line & Chalk & Level

Rapid chalk line 30 metre (100 feet), 113g chalk powder (red) and mini level set. With its geared action, this chalk line winds up to three times faster than a traditional reel. The water resistant housing has a non-slip rubber grip for user comfort and ease of use, and a large mouth for easy powder refilling.

Combi Square

This combination square has a cast iron stock and is therefore more robust for heavy-duty use. It is fitted with a level and scribe. Has graduations on both sides of blade in mm, 8th's and 16th's inches.

Plumb Bob

A centre and cross hole fixing system permit a line to be attached through the centre line of the bob helping to provide an accurate centre reading.

Measuring

Pocket Tape Measures

Available in 2m, 3m, 5m, 8m and 10m from brands like Stanley, Ox, Irwin and Faithful.

Long Tapes

Also known as a Surveyors Tape, we can supply tapes ranging from 10m to 100m

Fatmax Tape Measure

The heavy-duty Stanley Tools FatMax Tape Measure has a huge standout from their 32mm wide blade. The Mylar coating makes the blade 10 times more resistant to abrasion.

Surform® Block Plane

For use on all types of wood, aluminium, copper, plastics and laminates. The metal body gives strength and durability and a thumb screw provides a quick blade release.

It is supplied fitted with a 140mm (5.1/2in) fine cut blade.

Available in:
5m and 8m

Screwdriver/Keys

Ratchet Screwdriver

Multibit screwdriver ratchet with 10 bits.

Screwdriver Set

Screwdriver set cushion grip flat/phil.

Various pack sizes available

Screwdriver/Keys

Hexagon Keys

The ball design allows you to use it in two positions providing the strength of a standard key with the speed and angle of a ball key. Storage caddy allows quick tool selection and handle storage.

**Available in:**

Various sizes and packs.

Screwdrivers

We have a variety of Screwdriver kits to suit your needs from suppliers such as Wera, Stanley, Faithful and Irwin. The four main tip choices are: Slotted, Pozi, Phillips or Torx.

There are other more specialised screwdrivers such as Nutspinners, VDE, plus a wide range of security bits available.

Screw Extractor Set

Screw Extractor Kit easily removes even the most damaged and hard to remove screws and bolts.

Hammers

Nail Punch Set

Nail punch dynagrip – set of 3.

Claw Hammers

A hammer with one side of the head split and curved, used for extracting nails. Available with wooden, steel, fibreglass or graphite shaft. Our most popular sizes are 14oz, 16oz and 20oz.

Sledge Hammers

General purpose heavy hammer for builders and contractors.

Virtually unbreakable fibreglass shaft with a soft-grip non-slip handle and overstrike protection.

Available in:

7lb, 10lb and 14lb.

Club Hammers

General purpose Club Hammer with striking faces specially hardened and heat treated to withstand the most high impact heavy applications.

Chisels and Bolsters

Chisel Set

Bevel edge chisel
dynagrip+ strike
cap 5 pc+ acc.

Brick Bolster

Suited to cutting bricks during building work. This chisel has a suitably hardened cutting edge, but should not be used on concrete containing reinforcing bars.

Cold Chisel

Made from high quality grade steel which is hardened and ground to maximise safety and to ensure longer lasting cutting edges.

For cutting brick, concrete and paving slabs.

Wood Chisels

This bevel edged wood chisel has a ground finished, hardened and tempered alloy steel blade, with a one piece, solid impact resistant blue polypropylene plastic handle. The blade is lacquered for rust prevention.

Pliers & Snips

Pliers Set

Carpenter Stanley pincer set.

Multitool

Pocket multitool 12 piece multi tool.

Aviation Snips

Metal shear aviation snip – straight.

Saws

Hand Saw

Universal panel saw

Fine Finish Saw

Hand saw 22 11TPI.

Size:
22"/550mm

Insulation Saw

The WT-toothing is specially designed for cutting insulation material with the blade being re-sharpenable with any regular knife sharpener

**Suitable for:**

Mineral wool or Glass wool.
EPS: Expanded Polystyrene.
XPS: Extruded polystyrene.
Stone wool or Rock wool.

Hacksaw

Lightweight frame with 150kg blade tension, a comfort grip handle and an integrated storage for replacement blades.

Various brands and sizes available as well as replacement blades

Tenon Saw

Hardpoint tenon saw with soft-grip handle for user comfort. The ideal choice for fine carpentry and can be used with a mitre box. Available in 10", 12" and 14"

Jabsaw

Hardened and tempered blade for durability and long life.

Moulded handle combining high impact plastic and soft touch inserts for improved comfort and control. Large smooth end pad to facilitate pushing and twisting blade through plasterboard. Sharp point for piercing board. Aggressive triple bevel teeth for a faster cleaner cut.

Blade Length:
150mm (6in). Teeth 7 tpi

Handy Tools

Utility Bar

Designed for such tasks as opening boxes, crates and manhole covers. It is ideal for removing nails and prying lightweight doors and windows, as well as a multitude of other light levering applications

Wrenches

Adjustable Wrench

The drop forged construction and the moulded soft-grip handle combine strength with comfortable use. The adjustable jaw enables each wrench to be used on a number of different sized nuts or bolts.

Various brands and sizes available.

Knives

Fatmax Retractable Folding Knife

Suitable for all job applications from carpet fitting, model making and craft design to electrical installation.

Retractable blade and folding knife.

Blades can be stored in the handle for safe keeping.

Trimming Knife – Retractable

The blade extension can be controlled by the blade shifter, and 5 blade positions allows a wider usage for a variety of cutting applications.

The interlock nose firmly secures the blade into knife. For safety, the blade can be fully retracted into the body. Supplied with 3 blades, stored in the handle for safety and convenience.

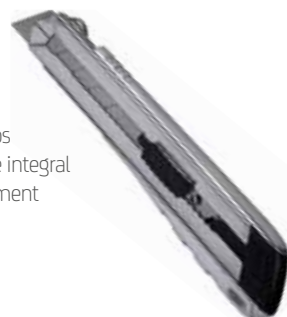

Titan Fixed Blade Knife

Fixed blade knife titan trimming.

Trimming Knife – Snap Off

The removable blade snapping tool on the knives provides a means of safely and quickly detaching used blade segments, and three spare strips of blades are located within the integral blade storage system. Replacement blades available.

199 Trimming Knife Card

Fixed blade knife 199E trim grey.

Safety Knife

The Stanley Folding Pocket Safety Knife is an auto-retract knife with instant change blade. It folds neatly in half to fit in the pocket and to reduce the risk of injury.

Blades

50 Pack Carbide Blades

Knife blade carbide knives & blades blades.

Various pack sizes available.

Heavy Duty Knife Blades

Heavy-duty, general purpose blades, which fit all standard knives.

Various pack sizes available.

1992 Knife Blade

Knife blade 1992B heavy-duty.

Various pack sizes available.

1996 Knife Blade

Knife blade 1996B hooked.

Various pack sizes available.

Snap Off Knife Blades

Available in 9mm and 18mm.

Various pack sizes available.

Window Scraper

Stapling

Heavy Duty Staple/Nail Gun

Staple tacker & acc's heavy-duty/nail gun.

Heavy Duty Staples

We have various staple and pack sizes available which fit multiple brands of staple guns.

Heavy Duty Tacker

Staple reload window allows you to reload staples when needed. Ideal for upholstery, boards, foam, fabrics and gardening applications.

Taping Knives

Taping Knife

Drywall taping knives are used for spreading jointing compound and when applying paper or fibreglass drywall tape, to cover joints in plasterboard.

Jointing Knife

The blade has been tapered from handle to tip which provides flexibility.

Hawk

Plaster Hawk

Useful tray from which to apply plaster or cement quickly to a wall by using a trowel.

Metal Hawk

Professional grade aluminium plasterers hawk with cast aluminium strengthening back plate, foam rubber callous protector and soft-grip handle for user comfort. 12" x 12"

Trowels

Bucket Trowel

A bucket trowel has a tapered blade that has been cut square and is designed for removing mortar from the sides and bottom of buckets.

Pre-worn Plasterer's Finishing Trowel

Stainless steel finishing trowels that have been pre-worn and pre-shaped.

Available in:
11" and 13".

Pointing Trowel

A small bladed trowel designed for use in forming brick joints and repairing or replacing weathered joints. These trowels are also a popular choice for shaping and retouching damaged mortar in many situations.

Internal Corner Trowel

Lightweight internal corner trowel for finishing internal angles.

Trowels

Brick Trowel

A larger more flexible blade make these trowels a very popular choice, ideal for bricklaying and perfect for block laying application where more mortar is required.

External Corner Trowel

Lightweight and perfectly balanced outside corner trowel with a blade set at an 80° angle that flexes during use to 90° to form a clean square corner.

Gauging Trowel

Gauging trowels are used primarily for measuring, mixing and applying small quantities of cement

Floats

Plasterer's Float

This sturdy float is a lightweight one piece polyurethane moulding. The pattern face is non-absorbent and is used for applying plaster, cement and other building materials.

Available in:
11" and 14".

Mixing Paddle

Mixing Paddle

Mixing paddles have a robust construction for heavy-duty work. They are great for mixing plaster, render, paint, adhesives, mortar, paste and screed. Available in different sizes and quality.

Sanders

Hand Sander

A lightweight hand sander which is extensively used in the dry walling industry for sanding the joints between plasterboards after they have been filled.

Extension Pole

Top quality aluminium extension poles that can be adjusted to the required length. Fitted with a metal threaded roller attachment and an easy push-fit adaptor system that will accept all 180mm (7 inch), 230mm (9 inch) and 300mm (12 inch) roller frames on the UK market.

Sizes:
40cm - 60cm.

Pole Sander

Swivel action pole sander head extensively used in the dry walling industry for sanding the joints between plasterboard on ceilings and high walls after they have been filled. Ideal for sanding and smoothing difficult to reach areas such as corners, without the use of a step ladder.

Buckets

Builder Bucket

Standard-duty black builders bucket manufactured using recycled materials.

Available in:
40L and 65L

Flexi Bucket

Lightweight, heavy-duty polyethylene, flexible tub features super-strong comfortable handles and is ideal for solids and fluids.

Available in:
15L, 28L, 42L and 60L.

Detectors

Stud Detector

A handy instrument that uses a safe, non-contact method to detect AC voltage in outlets, lighting fixtures, circuit breakers, wires and cables and can be used to find circuit breaks in a wire.

Shovels

Shovels

We have many types of shovels including: insulated, square, tapers, socket, draining and micro shovels.

Painting

Paint Roller Kit

Suitable for use on both smooth and rough surfaces.

Paint Brushes

The Faithfull Superflow Paint Brushes have synthetic bristles which are made from 100% polyester tapered filaments and which guarantee excellent performance with no bristle loss.

Available in:
1/2", 3/4", 1", 1 1/2", 2", 3" 4".

Paint Kettle

Plastic Paint Kettle is suitable for use with all types of paint.

800mm x 100m FR TS63

1200mm x 100m FR TS63

TwinShield Protection Board

General purpose protection board available in standard and flame retardant variants.

Colours:

Black/Translucent

Sizes

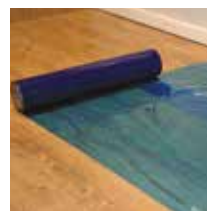

2mm – 2.4m x 1.2m Std Black

2mm – 2.4m x 1.2m Std Trans

2mm – 2.4m x 1.2m FR LPS1207

Hard Surface Protection Film

Developed to protect hard floor in areas under construction and refurbishment.

Colour:

Blue

Sizes

600mm x 100m Std

600mm x 100m FR TS63

ArmaShield HD Protection Board

Used as a heavy duty equivalent to Ockwells TwinShield for various applications.

Colours:

White/Black

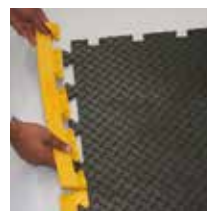

Sizes

3mm – 2.4m x 1.2m FR (White)

4mm – 2.4m x 1.2m FR (Black)

CheckerTile

CheckerTile is manufactured from ultra-heavy duty hard wearing PVC Embossed with a checker plate pattern providing a high level of slip resistance. CheckerTile's lightness makes it easy to move around site and is also reusable, making it a very cost effective alternative to traditional plywood and other floor coverings. The interlocking jigsaw design allows the tiles to be flexible and easy to fit.

Colour:

Black

Size

14mm – 500mm x 500mm

TecDura Stickymat LD

Ockwells TecDura mats offer a seamless, non-slip covering that adheres to the substrate.

Colours:

White/Yellow

Size

1040mm x 50m

Stairtread Protectors

A rigid protective cover ideal for both commercial and domestic stair installations. This unique design provides a high degree of protective cover, excellent grip, impact and scuff resistance to either bull-nosed timber treads in domestic house building or square fronted concrete treads in commercial buildings.

Colour:

Yellow

Sizes

750mm x 210mm

1500mm x 210mm

Handrail Safety Posts

Generally used to form a temporary and reusable safety rail as staircases and balustrades are often only installed once the build is complete.

Colour:

Red

Variants:

Safety Post Standard

Safety Post Corner

Safety Post Stringer Fixing

Polythene Flame Retardant Sheeting

Manufactured from a fully accredited Flame Retardant Polythene certified to LPS 1207. Available in light, medium and heavy duty grades.

Colour:

White/Orange

Sizes

4m x 50m LD (White)

4m x 50m MD (White)

4m x 25m HD (Orange)

OckProps

Generally used in conjunction with polythene to construct temporary screening on site. High quality reusable fibreglass and aluminium props with push button telescopic adjustment used to construct temporary screening.

Colour:

Orange/Blue

Size

1.69m extending to 3.2m

Zip Door Kits

Can be adhered to standard and flame-retardant polythene to create sealable doorways. Zip strips can be used in pairs to form large access for trades and materials in to work areas.

Site Protection

Rubble Sacks

Generally used for the removal of site rubbish and rubble. Manufactured from heavy duty clear polythene to meet stringent site rules on waste. Holds a capacity of approximately 50kg.

Colour:

Clear

Size

50kg 100/pk

Pallet Wrap

General uses include the wrapping of bricks, blocks and other site materials. Also suitable as a wrapping protection for steel beams and columns to protect from contamination especially in the winter months.

Colour:

Clear

Size

400mm x 300m

Dust Sheets

Cotton Dust Sheets

Genuine cotton twill, protect from spills, splashes and dust. Strong hardwearing cotton resists wear from tools, stepladders and feet. Reversible, machine washable.

Colour:

Yellow

Size

12' x 9'

Stairway Cotton Dust Sheets

Top quality cotton twill sized to suit stairways.

Colour:

Yellow

Size

24' x 3'

Polythene Dust Sheets

Waterproof and rotproof one-piece general purpose polythene dust sheet. Ideal for covering furniture when decorating, plus many other usages.
